(b) A district judge may issue a standing order that search warrants or seizure warrants related to a case assigned to that judge must be brought to that judge.

(c) Assignment of case numbers. When an application for a search warrant or seizure warrant is approved and the warrant is signed by the duty magistrate judge, the application and warrant will be given a Miscellaneous (M) case number and be assigned to the magistrate judge who signed the warrant. When a search warrant or seizure warrant is signed by a district judge as provided in (b), the application and warrant will be given the CR number of the case before the district judge and docketed in that case.

(e) A Motion to Extend a Sealing Order.

(1) Any motion to extend an order sealing a warrant or to extend delayed notice must be brought to the district judge or magistrate judge who signed the warrant.. If a motion is brought at a time when that judge is unavailable, the motion shall be heard by the duty magistrate judge.

(2) The motion must be filed no later than three days prior to the expiration of the seal or delayed notice to allow adequate time for the review of the motion. The motion shall be filed electronically and a draft order must be submitted to the assigned judge's proposed order email box.

(f) Search Warrant Returns. The return of the search warrant must be made in accordance with the Federal Rules of Criminal Procedure. In addition to that requirement, the United States Attorney's Office must also electronically file a copy of the return including the inventory of property seized into the court's Electronic Case Filing System. If the application and warrant are sealed at the time of the return of the search warrant, the return of the search warrant will also be filed under seal.
